

4/3/20 - Final Photo Checkpoint - **All photos that you have taken for your Senior Project should be posted on your weebly. Some of you might have only 3 from our first photo checkpoint (minimum) but others may have many more than that. Post whatever you have.**

4/3/20 - Final Evaluation form filled out by mentor and turned in to Mrs. Nightingale – **If you have completed your time with your mentor, please mail this form to them with a stamped envelope for them to mail it to me at Sandy Nightingale, 24585 375<sup>th</sup> Avenue, White Lake, SD 57383. -If you haven't completed many hours with your mentor, then we will skip this for now.**

4/3/20 - Final Product Must Be Finished –This is on a case-by-case basis-I have emailed a couple of you, but here are some of the adjusted assignments:

**Justin**-you have enough hours in with your mentor, so just make sure you have the other requirements for shadowing finished:

- Keep a detailed job shadowing journal with an entry for each time you shadowed (which will be included in the senior project binder)-**This can be jotted down in a notebook or typed out in your journal on your weebly.**
- Write a job shadow reflection essay (which will be included in the senior project binder) **Type one page in Word double-spaced.**
- Complete an interview with the mentor (which will be included in the senior project binder)-**already handed in**
- Include Job Shadow Verification Form filled out by mentor (which will be included in the senior project binder)-**If he has already signed this and you have it, great! Otherwise, you could possibly mail it to him with a stamped self-addressed envelope so he can mail it back to you.**
- Research the occupation and create a presentation with facts such as average pay, education required, etc.-**I don't have access to your folder right now, but next time I go to town I will check to see if it is in your folder.**

**Randa**- Your final product is complete, just gather up receipts, copies of Grants you received, a financial report and maybe a copy of the check you write to the Veterans.

**Stephan**- Do you have the software on your computer to finish at home? You will have to let me know how it is going and if you need any help. If you have the capability to work on your final product at home, then finish it.

**Ethan** – You should be able to finish yours at home. I am willing to help you when you are ready to record or put together your video in Premiere Pro. Please email me for help if you need it.

**Grace**- Are you far enough along with your mentor that you could finish at home? Let me know how things are going.

**Kathryn** – I have been talking with you already and you have been working on the final product at home, so continue with that. Let me know if you need help.

**Riley** – I have talked to you through email and have given you suggestions on home to move forward. Most likely you will not be able to work with your student anymore this year, even if we have school in May, so try to learn more sign language through online sites. Let me know if you can't find the list I gave you earlier this year.

**Hazelin** – You will have to call your final product (petting zoo) off because we will for sure not have school until May 4, and there is a good possibility for longer than that. I think you had enough experience working with your mentor to get a good taste of how animals are used animals as therapy, so just continue with what you can do at home.

~~4/3/20 - All fieldwork must be completed before April 1, 2020 (at least 15 hours of time logged with mentor 20 hours if you are job shadowing, and physical product must be completed. We will call off all face-to-face time with mentors for the rest of the year, but if you are able to finish your product at home, then you are required to do so by April 3. You might still be able to get help/advice from your mentors through email or phone calls. Please contact your mentors and thank them for the time they put into helping you, and let them know that because of coronavirus, you will not be able to meet with them for the remainder of the year.~~

~~4/3/20 - Journal Checkpoint - Minimum of 16 Journal entries - Save Time Log in Senior Project on Share Drive and publish journals on weebly. There will be a journal checkpoint (at least 16 journals). Your time logs should be updated and emailed to me. If you don't have yours at home, let me know and I will get it from your folder in town and email it to you. I'm not going to give you a specific number of total hours required at this time. I just want to see effort put forth to do the best you can from home. The original total number of hours was 40.~~

~~4/10/20 - Senior Project Self Evaluation is due. This is required by everyone. Email your finished paper to me and we will print and put in your binder at a later date.~~

~~4/17/20 - Journal Checkpoint - at least 18 entries complete. - Save Time Log in Senior Project on Share Drive and publish journals on weebly. There will be a journal checkpoint (at least 18 journals). Your time logs should be updated and emailed to me. I'm not going to give you a specific number of total hours required at this time. I just want to see effort put forth to do the best you can from home. The original total number of hours was 40.~~

~~4/17/20 - 1/2 Day Work Day in Mrs. Nightingale's room (8:00 am to 12:15 PM) I'm still thinking on how to do this so stay tuned.....~~

~~Items to bring:~~

~~\*Binders with all signed forms, journal entries printed off, receipts, photos printed off, etc. I think I will have your binders delivered to you sometime, but I will let you know ahead of time.~~

~~\*Laptops - We will be working on creating presentations. I will get you the outline that you need to follow in creating your presentation (most likely in PPT)~~

~~4/16/20 to 5/1/20 - Practice presenting in front of Mrs. Nightingale and classmates during specific sign-up times TBD. Everyone is required to be there when someone is signed up to present. I think we will still be presenting, but maybe by using your computer camera and sending me the video of your presentation. I'm still thinking of the easiest way to do this, so stay tuned.....~~

~~5/1/20 - Completed Binders due~~

~~5/4/20 - Senior Project Community Presentations I haven't talked with Mr. Schroeder about this, but I think we will have to cancel this. Stay tuned....~~

~~5/5/20 - Senior Project Presentations for Judges I haven't talked with Mr. Schroeder about this, but I think we will have to cancel this. Stay tuned....~~
